The voyagers of the new improved Star Ship Exitprize no longer seek out new life or go boldly where no man has gone before or any of that other neat stuff 'cause they're too busy talking. So adjust your earplugs as we blast off into outer space for a Cracked eye view of...

I am Jaw-Glued Discard, the Captain of the SS Exitprize. My mission is to go baldly, I mean, boldly forth and make the Trekkies forget Jimi Quirk.

Logically speaking, Captain, that is mission impossible. I'm Mr. Shmock, special guest star. On the original Exitprize, I could render a person unconscious instantly by touching a nerve in his neck. It takes this politically correct crew an entire hour of boring dialogue to accomplish the same thing.

I'm Lt. Commander Rooker, the Captain calls me Number 1, even though I'm second in command. Luckily, he's lousy at numbers. I'd hate being called Number 2.

I'm Guinerd, the ship's bartender. I mix an Oscar winning Mint Jupiter, but I'm a ghost of my former self. Hey! I'm 700 years old.

BARNGRIL ANNEX

STAR WRECK

THE NEXT DEGENERATION

WRITER: LOU SILVERSTONE

ARTIST: JOHN SEVERIN

You don't look a day over six hundred but then how would I know! I'm Lt. La Fudge, the ship's Chief Engineer. I'm blind but by wearing these cool shades I can see fuzzy shapes.

I'm Lt. Barf and no, I don't have a major zit problem. I'm a Klingyawn and on my planet teenagers have a clear complexion. We don't break out until we're adults.

I'm Doo Doo. I'm an Android, which explains my stiff, unemotional acting. The rest of the cast has no excuse.

I'm Dr. Cruncher. I'm well qualified for my position as Chief Medical Officer. Dr. Ruth was my great, great, great-grandmother.

You picked the wrong one, babbeee. Uh huh!

Hey, Doc, did you ever make out with an Android?

Captain, I want to file a sexual harassment charge against Doo Doo! He's always trying to hit on me.

I can't help it; I was programmed to act like a normal man.

We're picking up a gamma ray life form, Captain!

If you can pick up a life form, why can't I pick up chicks?

Sir, I recommend we send Doo Doo back to the lab for reprogramming.

Perhaps you're right. I guess it was a mistake putting Judge Thomas' Journal into Doo Doo's memory bank.

Sir, it's a spaceship...

It may be the Rummylins. Take evasive action, prepare to fire phasers!

Hold your fire! It's the Domino Pizza Delivery Craft!

They're two eons late; we don't have to pay.

Captain, another spacecraft: it's a HOTAMALIAN ship!!

Doo Doo, what do you know of the Hotamaliens?

Hotamaliens are a spicy Mexican food. Eating them has often proved fatal to tourists, especially when ingested with Mexican water. Sorry, wrong file! Hotamaliens are a nomad race. I have no other information in my memory bank.

Shall we attack, Captain?

If you ask me, I think you should try talking to them.

That's sound advice!

I'm surprised, Captain...

That I take advice from the ship's barber?

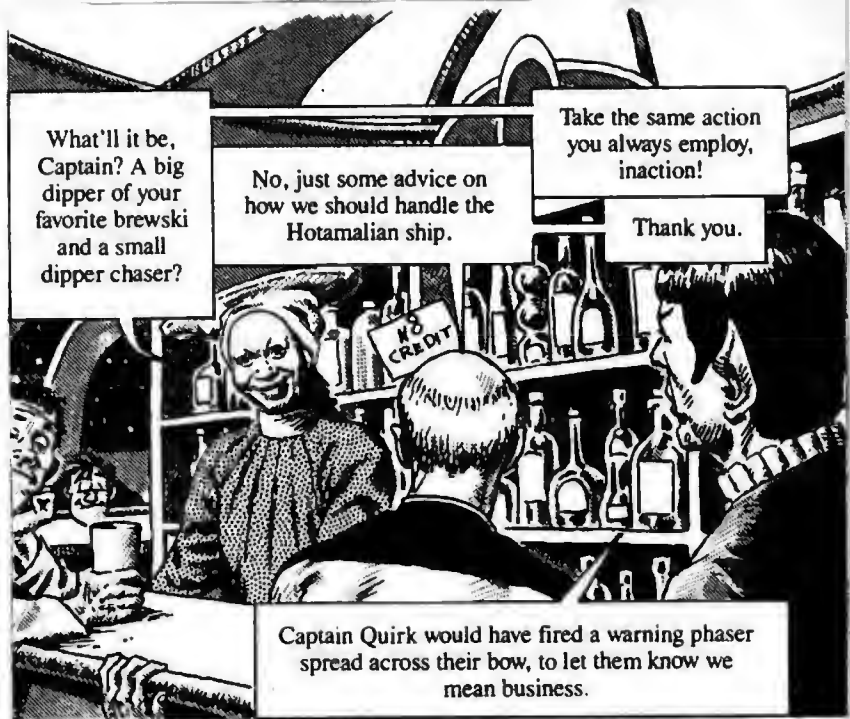

No, that you even have a barber.

Before I make a final decision, I must speak with an expert thoroughly versed in these matters.

Thank you, Captain.

Not you, Shmock, I mean Guinerd. Anybody who has tended bar for 700 years knows practically everything.

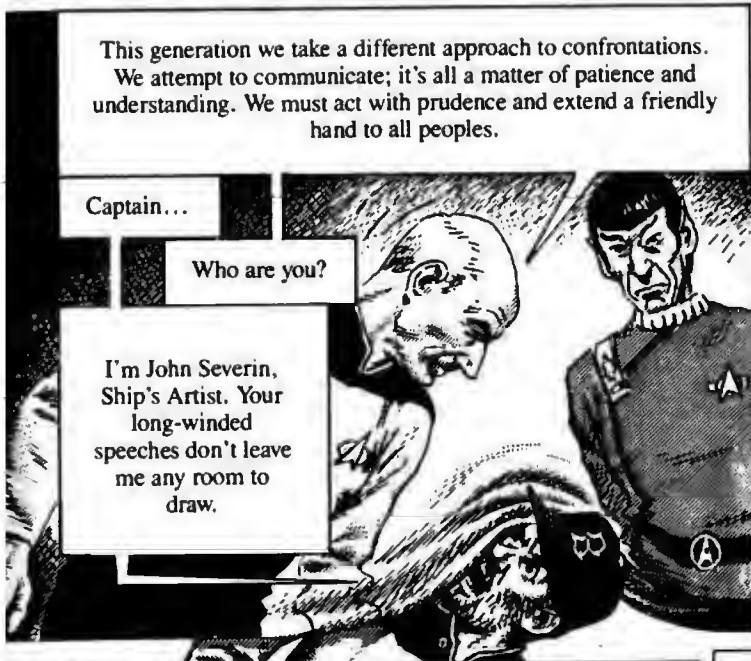

What'll it be, Captain? A big dipper of your favorite brewski and a small dipper chaser?

No, just some advice on how we should handle the Hotamalian ship.

Take the same action you always employ, inaction!

Thank you.

Captain Quirk would have fired a warning phaser spread across their bow, to let them know we mean business.

This generation we take a different approach to confrontations. We attempt to communicate; it's all a matter of patience and understanding. We must act with prudence and extend a friendly hand to all peoples.

Captain...

Who are you?

I'm John Severin, Ship's Artist. Your long-winded speeches don't leave me any room to draw.

We have the Hotamalian Captain...

I'll talk to him. Captain, would you be amenable to a treaty and a cultural exchange? The Federation will send you Bob Hope, Brooke Shields, and New Kids on the Galaxy and you send us your top entertainers.

Nam, tahw ouy nicklat tuoba?

I don't think he understands you, Captain, but then neither do we half the time.

Captain, it's not possible to communicate with the Hotamalians. Nobody in the galaxy can comprehend their language.

Maybe we should try charades. First word... sounds like... eye...

Captain, where's the Captain?

The Hotamalians have transported him to the planet surface, along with their Captain.

A logical move, it was one of Jim's favorite bits, the two champions engaged in a duel to the death. Is Captain Discard armed?

Only with his tongue.

Yeh, nam,
emmig evif!

I'm afraid I don't understand you but if
you're looking for a fight, I'm not
interested. How about a game of
Scrabble or a debate on our two
cultures?

PLANT
A
TREE
PICK

I'm sending a
spacecraft to
rescue the
Captain.

That's not possible; the Hotamaliens have scattered an
electromagnetic field around our ship...

Nam...

Nam? Does that mean "man"? Of course,
you speak in reverse!! All we need is a
mirror and we can converse.

Now talk into the
mirror.

Man,
this is cool.
You can
dig what
I'm saying.

La Fudge, what's
happening down
there?

I'm not sure; there are two life forms.
I can see fuzzy shapes. Wait, now
there are three shapes.

This is wonderful. Uh, Captain, I don't want to alarm you,
but there's a Plasticine Entity behind you...

Say
what?

SO LONG,
SUCKER!

I'm picking up a violent turbulence on the planet's surface. There are only two fuzzy shapes now!

They have lifted the magnetic field.

If the Captain is one of those fuzzy shapes, transport him back to the ship!

Captain, are you alright?

I never felt better. I learned the secret of conversing with the Hotamaliens.

What happened to their Captain?

He was eaten by the Plasticine Entity, but not before we had a splendid talk. Get me the Hotamalian ship. I must tell them the good news...

I don't think they're going to be thrilled.

There's no response!

Captain, there's no life aboard the Hotamalian vessel...

Obviously the Plasticine Entity absorbed the entire crew!

That's too bad; I was looking forward to chatting with them.

Captain's Log, Stardate 40084.5. Attempts to communicate with the Hotamalian ship proved futile. We believe the Entity ate the crew. Naturally, all of this exciting action took place off screen, as usual.

Captain, I hate to interrupt your soliloquy, but the Entity is approaching at warp speed!!

Prepare to launch torpedoes...

Belay that order! We are going to attempt to communicate with the Entity!!

Captain, he did wipe out the entire Hotamalian crew. I concur with No. 1, he should be destroyed?

It might have had a good reason; perhaps it was hungry or maybe they dissed him. Doo Doo, attempt to establish contact with the Entity.

Captain, may I speak freely? At the Academy, I know you were a communications major but don't you think you're carrying this stuff too far?

Sir, it's receptive to our signals. I'm picking up gravitation impulses.

Can you decipher the patterns?

Wait, I think I've got it! By George, I've got it...!

We have to erase those old movies from Doo Doo's memory bank. Switch to manual readout...

It says, BURP... wait, there's more. Fee fi fo fum, I smell the blood of an Englishman...

Captain, we've got to destroy that thing before it kills all of us!

Number 1, we are not hunters. Our job is to boldly go where no man has gone before.

Does that mean inside the digestive tract of an Entity?

I'm relieving you of all duties, report to your quarters. Guinard, I trust your judgement. You're my new Number 1!

Chalk up a win for Women's Lib.

How do you propose we deal with the Entity?

No problem...

First we feed that sucker. Hearty appetite, dude!

YAHHHHHH

Then we waste him!!

Special Guest Star Log, Stardate 40084.9. I am not capable of emotion but if I were, I'd feel happy. Sanity and logic have finally returned to the Exitprize. There indeed is hope for the next generation. Beam me aboard, Scotty.

Do you have any relatives on your payroll?

That wouldn't be ethical. I hire another Senator's relatives and he hires mine; now, that's ethical. And I should know, I'm Chairman of the Ethics Committee.

He's funnier than you, Howard!
Ha ha!!

What does the Ethics Committee do?

Here, I'll show you. I was caught, I mean, **unjustly charged**, with a conflict of interest.

USA! USA!
USA! USA!
USA!!

Senator, you are charged with awarding a large government contract to one of your major contributors.

By George, that's just a coincidence!

Would you believe the same thing happened to me?

I move that we drop the charges against our Honorable buddy.

So say we all!

No wonder you guys meet behind closed doors.

Well, Howard, as the good book says, "Let he who is without sin cast the first stone."

You're saying you have enough dirt on all those guys to bury them?

You got that right.

Gimme a million dollars worth of stamps.

I heard you spent a million bucks of taxpayers' money telling your constituents you beat the rap.

I'm a busy man, Howard. I can't spend all day waiting in line at the Post Office.

The polls show that people want some form of gun control but you guys always vote against it.

Howard, folks tend to get a mite hysterical every time some kook knocks off a few dozen people. but most gun owners, like myself, are decent, law-abiding citizens. I like to do a bit of hunting with my favorite weapon.

Man, what do you hunt? Dinosaurs?

I'm gonna take you folks on the grand tour.

You mean the Washington Monument. the Lincoln Memorial?

That junk is for the tourists! I'll show you the real Washington.

This is the Congressional gym and it ain't free. By George, it costs us fifty hucks!

For a day? A week? A month?

No, a year! Hey, we only make a lousy \$125,000 a year.

Is she included in the fifty bucks deal?

You better believe it. Honey, a little lower... ah, that feels good!

Am I in the wrong racket!

What other freebies do you guys get?

We ain't got enough time to answer that. We get free parking at the airport, free luggage, free plants from the Botanical Garden. We get to write bad checks, without penalty, on the Congressional Bank. We get haircuts for five bucks, anything we want for wholesale at the Congressional Store, free medical treatment and drugs...

How do you feel about a national health plan where us poor slobs are covered?

Sounds like a pinko, commie plot to me.

Pretty fancy diner.

You can't expect us to eat in McDonald's.

Do you believe these prices; \$7.50 for a filet mignon?

Yeah, it's pretty steep but, what the heck, we don't bother paying, we just put it on the tab.

Starting at daybreak and into the night,
Our Senate in action was a strange sight.
Kennedy, Thurmond and Chairman Biden,
Tried hard to learn what Thomas was hidin'.

"This hearing's a circus," he said with a glare,
And we must admit, the clowns were all there;
One with a bow tie, one shaped like a pear,
One with a drawl and one with orange hair.

Those good ol' boys soon tore into Hill.
Their fangs were bared, they went for the kill;
With talk of body parts—oh, what a show!
We heard much more than we wanted to know.

Thomas was grilled in front of the nation,
But still ended up with his confirmation.
He always hung tough, he just wouldn't budge.
So now we must say: "Here comes the Judge!"

Homey, you belong in the
Senate!

No, I don't think so. Homey
don't play that, it's too

MOM AND SON HAIL CRACKED

I really enjoy your magazine! When I get older I would like to draw for Cracked. Here is a sample of my work.

Tommy Koehler
Darien, Ct.

Tommy Koehler, Cracked artist?

(A note from Tommy's mother...)

Tom has been a devoted fan since he was five; he's now seven. I had hoped he'd aim his talent at becoming a Monet or a Wyeth. But I'll settle for a Ricigliano, Tyler, or Martin! Thanks a lot...

Mom Koehler

(A note from Ricig's mother to Tommy's mother...)

Just make sure he keeps his ink off your carpets!

Mom Ricigliano

SPIES AND SABS ALL AROUND US

I think you should make a magazine full of **Spies and Saboteurs!** Put them in movies, TV shows, songs, sports, and posters. **I even count them to go to sleep!** Please write back in the next Cracked. I love Cracked!

Daniel Kredell
Los Angeles, Ca.

Editors: For being such a loyal fan, Daniel, Ricig's sending you this bedtime drawing!

FIFTY YEAR GUARANTEE?

Your magazines are very funny, I like them a lot. I have about ten of your magazines. If I could, I would buy all the copies in the world! Are they going to be worth a lot...in about **fifty years???**

Mark Salling
Norcross, Ga.

Editors: Yes, they will be! So go out and buy all the copies in the world. You'll become a billionaire!

BULLY FOR YOU, DOUG!

There is this kid at school who keeps saying things about me. And I'm getting tired of it! Since you make so many insults in Cracked Magazine, I was wondering if you can make up insults I could say to him.

Doug Blaker
Clinton, Pa.

Editors: Just catch him off guard, tell him you're really sorry to hear he has a charley horse between the ears. With plenty of rest and quiet, it'll go away.

KEEP ON TREKKIN'!

I like your magazine, but what I like even more is STAR TREK! I was wondering if you'd ever be doing a special issue of all your past parodies on STAR TREK since 1966. But since you probably won't, I can at least look forward to a parody of STAR TREK VI in the next few months.

Editors: Don't be so pessimistic, Jason. Look for Cracked Collectors #90 on sale now for a complete collection of Star Trek parodies. And you're right, Star Trek VI is coming to these pages soon.

COVERAGE, COVERALL, COVER-UP

Cracked is the best magazine you can possibly buy. The cover of #268 was great and so was #269. Where do you come up with the eye-catching cover ideas?

Kevin Richberg
Memphis, N.Y.

Editors: We're pretty finicky about our cover concepts, Kevin. We never rush them, we discuss them, even over lunch! Finally, Cliff Mott draws up an uncanny rough sketch which goes out to one of our artists.

MAKING LIGHT OF IT!

Could you have Don Orehek do more Cracked Hold-Ups?

Asaf Elad
Los Angeles, Ca.

Editors: We like 'em, too, Asaf! Did you know they also appear in our companion mag, Monster Party?

Don Orehek, planning one of his Hold-Ups.

The new TV shows are out, but some of them might fall. Here are the shows that are ready to take over their spots. These are...

The Replacement Real Shows

WRITER: STEVE STRANGIO
ARTIST: JOHN SEVERIN

JUST THE 48 OF US

8:30-9 PM, NBC

PREMISE: Screwball comedy about the zany Shmookten family. Each week they discover a new family member. It's kooky family fun!

STRONG POINT: Bobby Farnhorn as the nutty next door neighbor is a scream!

WEAK POINT: Network might lose money trying to feed the cast.

NUDISTS

9:30-10 PM, CBS

PREMISE: Four overly happy naked people work at Happy Shiny Naked People Nudist Camp.

STRONG POINT: They're all naked!

WEAK POINT: If one actor gets flabby, the show's over.

HE'S DA BOSS

9-9:30 PM, ABC

PREMISE: Tony Tonitelli is the gruff but lovable manager of a lugnut factory in Brooklyn. He shares his home with a nagging wife, freeloading brother, and dimwitted dog.

STRONG POINT: Tony has an ingratiating quality that will appeal to women who like big, fat, sweaty guys.

WEAK POINT: Anybody who lives outside of Brooklyn won't understand it. Subtitles may be needed.

OUCH! MY FOOT!

8-8:30 PM, NBC

PREMISE: Each week a contestant has a really heavy object dropped on his foot.

STRONG POINT: Lots of action! Lots of excitement! Lots of screaming!

WEAK POINT: Contestants who audition for the show usually never make it to the taping.

DULLSVILLE, USA

9-10 PM, CBS

PREMISE: What happens when nothing happens in a boring town, with nothing to do and nothing around? Well, nothing.

STRONG POINT: It'll help you sleep.

WEAK POINT: It's on the air.

DR. LECTER'S CLASS

8:30-9 PM, FOX

PREMISE: A deranged psychopath is let out of his ultra-maximum security prison to become a teacher for a group of fourth graders.

STRONG POINT: Hannibal the Cannibal is a scream! School lunches will never be the same!

WEAK POINT: Cast members may have to be replaced, week to week.

REALLY COOL STUNT STUFF

8-9 PM, FOX

PREMISE: Daredevils try to outdo each other until one of them dies a horrible, violent, explosive death.

STRONG POINT: Lots of thunderous explosions and flying body parts.

WEAK POINT: Insurance premiums.

HEADS OF STATE

10-11 PM, NBC

PREMISE: A two-headed circus geek becomes President of the United States. Unfortunately, one head is Republican and the other is a Democrat. It's capitol craziness!

STRONG POINT: This is the role that two-headed actor Jim/John Duocranium was born to enact!

WEAK POINT: Finding a love interest will be a major problem. They'll need a First and Second Lady.

PLUMBERS

9:30-10 PM, FOX

PREMISE: Follow the real life exploits of real live plumbers as they go from house to house and overcharge their destitute customers.

STRONG POINT: Realism. Dramatizations of sewage backups, pipe scouring, and toilet clogging may be too intense for some viewers.

WEAK POINT: How many times can you watch a plunger suck stuff out of a toilet bowl?

LARRY'S LIVER

9:30-10 PM, CBS

PREMISE: A recovering alcoholic meets up with his fun-loving liver. A biliary adventure in metabolism awaits man and bodypartner!

STRONG POINT: When it comes to comedy, the liver secretes!

WEAK POINT: Nobody likes liver.

SPIES AND SABOTEURS

HIT THE

PART II

Old TV shows, unlike old soldiers, don't fade away. They're rerun forever on Nickelodeon, and some are recycled into movies. People rush to the theater and pay serious bucks to see the big screen version of a TV show they didn't even like. This makes as much sense as the new hit movie...

The Addled Family

WRITER: VIC BIANCO
ARTIST: WALTER BROGAN

Goot effenink, I am Dr. Fershtunkoff! Ve found your brother in a fish net in the Bermuda Triangle.

We spent our honeymoon there and then we went to the Black Hole of Calcutta.

How romantic! Anyway, the fishermen wanted to can Pester, along with the tuna und the dolphins! Der Game Warden released him to me.

I'll bet he would have made a delicious tuna salad...

Ah, Pester's blood-curdling screams are music to my ears!

He must be having a pleasant dream, poor dear.

Where are we going?

To the vault. Ah, breathe that dank air. Isn't it invigorating? It reminds me of King Tut's tomb when it was first excavated. Oooh soloo mlloo...

Remember the combination? One left for Uncle Cyclops, three right for our Siamese triplet cousins and what's the last number?

Uh, seven...?

No, dummy, it's the number of toes on each of your feet... 13!

He forgot the combination? That's not my brother; he's a fake, a fraud.

Children, are you fighting?

No, we're playing IS THERE AN AFTERLIFE?

That's nice, but please play outside. Your father can't hear himself scream.

STOP BRIDGE OUT DANGER

ONE WAY TRAFFIC

NO SKATING THINK ICE

Mother, they're wise to me.

Don't worry. I'll convince them you're Pester. I'll do what Mother does best.

Nag them?

No, fib.

I've got good news; it's a lawyer's dream! We don't have to rob the vault, we can steal the treasure legally. Since Pester is the oldest, everything belongs to him.

Ah, the traditional sword dance, the Bloodbushka!

Nobody throws a party like Goremez...

Leave? But this is my house!

It belongs to Pester and he wants you out.

But where shall we go?

There's a vacancy at the Bates Motel.

Thang, give me a hand with the packing.

I suppose I should be happy. Goremez has turned into every woman's nightmare, a couch potato.

It's a real nasty day; could we have a picnic at the cemetery?

What... and miss Jeopardy?

I'm going to see Pester, maybe he'll let us come back.

Glad you dropped in! Now tell us how to get to the vault.

How does that feel?

Wonderful, but I refuse to enjoy myself unless I'm being tortured by Goremez.

Just wait until I use this red hot poker on you.

Promises, promises.

Dearest, I knew you'd come.

Nobody tortures my wife but me.

Thanks, I needed that!!

Gorgon, put that book down.

I'm not Gorgon, I'm Pester!

I should have left you in that fish net, where I found you, twenty-five years ago!

Well done, old man...

Ah, such shrieks, they could wake the dead.

We only do that on Halloween and Jack the Ripper's birthday, Mon Cher!

Dad, wait until you see who's outside.

YES THEY ARE.

Why are you chasing us, we are one of you?

We spent an eternity frightening people. Now, thanks to you, they're laughing at horror films.

I'll throw you in the sulphur pit.

I'll tear you limb from limb!

Sounds wonderful, I can hardly wait until they catch us!!
